### **FLOORTEK EXPO 2021 SETS DATES**

*FloorTek Expo to be held this Fall!*

**DALTON, GA, March 17, 2021** – American Floorcovering Alliance announces dates for FloorTek Expo 2021. The event will be held September 14-15, 2021 at the Dalton Convention Center in Dalton, Georgia.

**Stephanie Manis, AFA's Executive Director stated,** “With the vaccine distributions, lowering infection rates and hopeful “herd immunity” by late summer, we are optimistic that Fall 2021 will be a good time for FloorTek and will move us in a positive direction to fulfill our commitment to our motto and serve the entire floor covering industry. With the nonexistence of trade shows for 2020 and few in 2021, we are ready to resume networking opportunities for exhibitors and attendees. New additions to this year’s event will be released in the near future. The format will be an ideal opportunity for every flooring professional from every level to explore avenues for growing their business.”

Priority applications are currently being sent. Information regarding the event will be posted on the show website at [www.Floor-Tek.com](http://www.Floor-Tek.com). Check back for updates.

Dalton is where decisions are made; Dalton is where technology is making consumer products a better value; Dalton is where flooring begins.
